# Delivery of Course Content:

Our course is designed to provide you with a seamless online learning experience. Each lesson is presented by a professional trainer through comprehensive video lessons that are clear and concise. Accompanying text documents are also provided for future reference.

Lessons are paced for comfortable learning, ranging from 20 minutes to 1 hour in duration. To ensure focused learning, students will have access to only one lesson per day, and completion of each lesson is required before moving to the next. Many lessons also include quizzes or practical applications with written feedback to enhance your learning experience.

With our fully online course, you can access the content from anywhere with internet access, whether it's from home or work. Plus, you'll have lifelong access to the course content, allowing you to revisit lessons whenever you need to. We also update our course annually, ensuring you have the most up-to-date knowledge and skills at your fingertips.
